

Details, Details, Details.

# A Better Chair

Building a better chair starts with using only the finest domestic raw materials, employing skillfully trained craftsman, and close monitoring of the production process. In addition, we integrate consistent features in our products so they uniquely last a lifetime.

## Mortise & Tenon

Our joinery is a combination of dowel or mortise and tenon with additional hardened steel fasteners to provide the highest quality frame.

## Interlocking Corner Blocks

Interlocking corner block and rail joint lends superior strength at critical joints and provides optimum support for the seat suspension. This provides more durability and more comfort for the life of the chair. Additionally, the chair seat is always attached with fasteners through the front, back and side rails - never through the corner blocks. This practice ensures maximum frame strength.

## Solid Wood Corner Blocks

Solid wood corner blocks provide support at all critical joints. Corner blocks are attached to the frame with glue and screws for rigidity and durability. Additionally, the chair seat is always attached with fasteners through the front, back and side rails - never through the corner blocks. This practice ensures maximum frame strength.

## Bolt & Slug

Depending on frame style, certain models feature our Bolt & Slug metal fastener for extra frame strength and durability. The Bolt & Slug fastener attaches through the frame's back posts and side rails for structural joint construction that lasts a lifetime.

# A Better Chair

## Confirmat

Other frame styles use our hardened steel Confirmat metal fastener for extra frame strength and durability. The Confirmat fastener attaches through the frame's back posts and side rails for structural joint construction that lasts a lifetime.

## Flex-O-Lator

Select upholstered styles utilize a Flex-O-Lator spring suspension for extra support and comfort, and reduces wear on the cushion and fabric for long term performance.

## 5-Prong Swivel Base

Many chairs can accommodate a 5-prong Swivel base conducive to office or task applications. Base swivels, tilts, and offers seat height adjustment. Base is crafted of a 5-prong metal understructure base for stability with wood caps for a proper finished appearance. Bar and counter height units swivel only and include chrome ring footrest.

## Steam Bending

Few contract seating companies practice the craft of steam bending, but we have mastered the process to bring more authentic beauty and structural integrity for chairs that last a lifetime. Steam bending allows the grain to follow the curve eliminating short grain inferiority inherent in bandsaw construction. To begin the steam bending process, we saturate chair components to precise pliability, steam bend into various shapes, and dry to a stable moisture content for years of solid comfort with high traffic use.

# Options & Upgrades

All Jasper Chair products include components for highly durable seating that performs well. But often the application or project requires an upgrade or different performance, so we offer several options and upgrades to customize to your needs.

## Glides

Rubber cushion Chrome glides are standard on all Leg Base chairs. For wood or tile floor applications, we also offer a .875" diameter black or white nylon glides that must be specified on the order.

Sled Base chairs are not supplied with glides, although all glide options are available for an additional charge of \$5.00 list per chair.

## Laser Engraving

Select chair models accommodate laser engraving on backrests and seatpans. Virtually any type of graphic design may be added to create a unique personalized creation. Perfect for restaurants, stadiums and schools.

Contact Customer Service for details.

## Tablet Arm

Tablet arm models are stocked in Formica 931 Putty HPL. Tablets are available in other laminates or solid wood in larger quantity orders.

Contact Customer Service for details.

Brass

Stainless

## Channels

Brass Channel standard. Stainless Steel Channel available at no upcharge when specified on order.

BNT

ANT

SNT

ONT

## Nail Trim

Nail Trim is available in 4 colors: "BNT" Brass (Standard), "ANT" Antique, "SNT" Stainless, and "ONT" Oxford.

# Ordering Examples

Model numbers represent basic style, size and type of chair. Designators built into the model number indicate the following features (all may not be listed):

- 973 Core Model Number
- US Upholstered Seat
- UB Upholstered Back
- UBS Upholstered Back & Seat
- SB Sled Base
- BS Barstool
- 18 18" Seat Height (Seat height is noted when multiple seat heights are available)

973UBS-SB-18

### To Order Chairs Please Specify:

1. Core Model Number (specify seat height when needed)
2. Wood Species
3. Wood Finish Color (see pages 148-149)
4. Fabric Selection (if applicable) - Vendor, Pattern, and Color (see pages 150-153)
5. Options (if applicable) - Glides, Casters, Nail Trim, Channels, Ganging Hardware and Laser Engraving (see page 142)

105US

Example Chair Order Number:

105US	Red Oak	MAO-09	Momentum	Saucy	Champagne	BNT	Casters
<i>Core Model #</i>	<i>Wood Species</i>	<i>Finish Color</i>	<i>Upholstery Vendor</i>	<i>Fabric Pattern</i>	<i>Fabric Color</i>	<i>Optional Brass Nail Trim</i>	<i>Optional Casters</i>

### To Order Tables Please Specify:

1. Top Material (V-Veneer or L-Laminate)
2. Core Model Number
3. Edge Profile
4. Leg Style (S-Squared or T-Tapered)
5. Wood Species
6. Wood Finish Color (see pages 148-149)
7. Veneer or Laminate Selection

L-42RP29-E-S

Example Table Order Number:

L	42RP29	E	S	Red Oak	WMO-09	Wilsonart #4623-60 Graphite Nebula
<i>Top Material</i>	<i>Core Model #</i>	<i>Edge Selection</i>	<i>Leg Style</i>	<i>Wood Species</i>	<i>Finish Color</i>	<i>Veneer or Laminate</i>

# Terms & Conditions

## Pricing

All prices shown are list and are F.O.B. factory. Effective price lists supersede any and all prices previously quoted and are subject to change. Jasper Chair will only honor pricing from an effective price list or a valid written quote.

## Freight Estimates

Freight estimates are approximated costs and are subject to change within 30 days of a written quote. Please contact our Customer Service for confirmed or revised pricing.

## Orders

All orders must clearly state the quantity, model number, wood species, finish selection, fabric selection if applicable, expected delivery date, and shipping address to be entered. It is the responsibility of the company placing the order to supply Jasper Chair with all the necessary information. We accept no liability for an incomplete order. Incomplete orders cannot be entered and cannot be scheduled into production until all the necessary information is received. If you place an order with Jasper Chair and do not receive an order acknowledgement within five business days, please contact the factory.

## Acknowledgements

Order acknowledgements are faxed the same day the order is entered. Please review the acknowledgement and contact the factory within ten calendar days of our date received if corrections are necessary. Later changes will be subject to factory approval and possible charges depending on the status of the order. Orders being processed in two weeks or less will not be allowed to change after the date received.

## Order Amendments

Amendments to an entered order must be done in writing. There may be charges assessed depending on the status of the order.

## Cancellations

Cancellation of an order must be done in writing. There may be charges assessed depending on the status of the order. Orders specifying a custom finish may not be cancelled once the finish process is underway.

## Shipments

Jasper Chair will select a quality carrier with the best possible freight rate unless a carrier has been specified in writing on the order. If a dealer selects the carrier, Jasper Chair cannot be held liable for any damages that occur to said shipment.

## Freight Claims

All shipments are delivered to the carrier in good condition and our liability ceases thereafter. Please inspect all shipments upon receipt and note any shortages or damages on the bill of lading. If the shipment arrives damaged or short, and Jasper Chair has chosen the carrier, you must notify the factory within 7 days of receipt of the shipment. However, if the carrier is one of your own choosing, you should file a claim immediately with the carrier. Failure to file a claim within 7 days after receipt of the shipment constitutes acceptance and a waiver of any possible claim.

## Returns and Repairs

All returns must be factory authorized and must be shipped freight prepaid. Any shipment returned unauthorized or freight collect will be refused. Upon receipt of the returned product, Jasper Chair will determine whether the product is defective. Liability for defective products is limited to repair or replacement. There will be no credit issued for returned product.

## Replacement Parts

Please contact your factory service person for help and pricing concerning replacement parts.

## Warranty

Each piece of furniture manufactured by Jasper Chair Company, Inc. is warranted to the original purchaser to be free from defects in material or those resulting from workmanship for a period of five years. All swivel controls, glides, casters, and fabrics are warranted by their respective manufacturers based on their conditions. This warranty does not apply to damage resulting from misuse or accident. Warranty claims must be in writing and Jasper Chair will determine whether to repair or replace the defective product.

# Environmental Policy

Jasper Chair continues to build on a legacy that was established by our founders in 1921. By using renewable resources and recycling our own by-products we are ensuring the well being of all and preserving our environment for future generations to enjoy.

Our Commitment includes:

- Designing products to last while paying close attention to the way our furniture is made and to the ways it can be renewed, reused and recycled.
- Continually investing in the most modern equipment to ensure that maximum yield is achieved from lumber, to improve manufacturing efficiency, and to protect the environment and employees.
- Collecting all non-usable wood to be used as fuel for creating steam in the manufacturing process and heat in the winter, thus eliminating the need for fossil fuels.
- In house recycling and the purchase of material with recycled content.
- We ask everyone at Jasper Chair to be a steward of our desire to protect the environment and successfully support our company's philosophy while serving our customers and related business partners.
- Our goal is to ensure future generations inherit a commitment of responsible manufacturing and a strong desire to exceed what is asked of us while using environmentally sound manufacturing practices.

# Care & Maintenance

Periodic inspections should be made to determine if the wood surface is soiled. If so, clean using a mild household cleaner and damp cloth. The wood finish is resistant to body oils and perspiration, but should be cleaned when a soiled condition is noticeable.

Should ink, lead, or paint soil the wood finish, immediately refer to the manufacturer's recommendations for cleaning from a varnish or a painted surface.

If the surface becomes scratched, use a touch-up material compatible with varnish. Do not use any lacquer type materials, as this will cause the finish to lift or blister.

When the upholstery fabric becomes soiled, use a name brand fabric cleaner or shampoo as per the manufacturer's instructions. Should the fabric be soiled with ink, lead, or paint, immediately refer to the manufacturer's recommendations to remove.

Chair frame maintenance requires periodic inspections of the joints, especially the back post to side rail joint. Check to be sure all screws are tight and if any screws have become loosened; tighten. Should any part of the chair frame develop a crack or break, immediately remove the chair from use and contact a qualified furniture repair person or contact the factory for assistance.

**Wood is greatly affected by moisture or more importantly the lack of moisture. The best relative humidity ranges between 35 to 45 percent at 70 to 80 degrees Fahrenheit. If your building's relative humidity level is below 35 percent, a system that adds moisture into the air needs to be employed. The worst time of year for moisture related troubles is during the winter as heating systems extract moisture from the air. Chairs with solid wood seats are very sensitive to drops in humidity. The solid wood chair seat will be the first part of the chair to show signs of lack of moisture and develop small end grain checks or splits. Should this occur, please check to see if the relative humidity level in your building is at the proper level.**

Should any unusual problem occur, contact the factory or a factory dealer for assistance.

# Textile Information

Jasper Chair's Fabric Program offers a selection of fabrics in a wide array of patterns and colors to accommodate a variety of applications. From durable fabrics to withstand the rigors of schools and universities, to easy-to-clean fabrics for restaurant and hospitality use, to protective upholsteries suitable for healthcare, Jasper Chair will have upholstery to fit the need.

Fabrics are shown on Jasper Chair's Swatch Cards located in the Jasper Chair binder. Larger memo samples are available by contacting the fabric manufacturer direct, also indicated on the Swatch Card.

All seating in this Jasper Chair Product Guide includes the cost of applied fabric using Jasper Chair's Fabric Program. These fabrics are classified or priced in "Grades" ranging from Grade 100 (lowest) to Grade 600 (highest). If two graded fabrics are to be applied to the same frame, pricing will be based on the higher of the two grades.

Published yardage is based on a solid 54" wide fabric. In some cases, the pattern or repeat will require additional yardage. Please contact Customer Service to help estimate yardage requirements, toll free: 866-891-8289.

**Unless the customer indicates, all fabrics will be customarily applied in a railroad manner (or off the roll in a horizontal fashion) as shown.**

If the fabric should be applied in a different manner or up the roll, please indicate on your Purchase Order. Please be aware that additional costs and additional yardage may arise from applying the fabric other than the customary direction.

Cut Yardage is available for purchase. Should a customer require to purchase cut yardage, refer to the following table for pricing.

Grade	Price Per Yard
100	\$44.00
200	\$71.00
300"	\$104.00
400	\$262.00
500	\$170.00
600	\$401.00

## Fire Retardancy

All Jasper Chair Company products are manufactured to comply with California TB 117 as a minimum standard. Compliance with more stringent codes requires special manufacturing considerations and possible up-charges.

California TB 133 We use either barrier material between the fire retardant fabric and foam cushioning or a fire retardant fabric and foam in order to comply with California TB 133. Some product designs and fabrics cannot be combined to comply with California TB 133. Because of this, we reserve the right to reject any request for a fabric, including C.O.M., or product style that may compromise the integrity or safety of a product specified to comply with California TB 133. Please contact Customer Service for pricing and availability to comply with California TB 133.

## Fabric Suppliers

Jasper Chair partners with multiple upholstery vendors to offer graded-in fabrics for ordering ease. These are listed on pages 150-153. For more information and to order memo samples please contact vendors direct. Website and phone numbers are listed below.

# Customer's Own Material (COM)

Jasper Chair also accommodates Customer's Own Material (COM) requests. COM orders must meet quantity requirements for adequate yardage as well as performance requirements to avoid wear and defects and satisfy aesthetic expectations on Jasper Chair products. When selecting a fabric please be aware that some fabrics may not tailor well due to their characteristics. Jasper Chair cannot assume responsibility for the tailoring quality of some fabrics or for the receipt of defective materials.

COM pricing will be the same as Grade 100 Pricing.

All COM orders must be accompanied by Jasper Chair's COM form to expedite the order, indicating fabric details and application instruction. All COM orders should be shipped to:

Jasper Chair Company, Inc.  
Receiving Department  
534 East 8th Street  
Jasper, Indiana 47547

Yardage published in this product guide is based on a solid 54" wide fabric. In some cases, the COM pattern or textile width will require additional yardage. Please contact our Customer Service to help estimate yardage requirements, toll free: **866-891-8289**.

Unless otherwise noted, all fabrics will be customarily applied in a railroad manner (or off the roll in a horizontal fashion) as shown. This is why it's very important for the customer to indicate upholstery preferences on the COM Information Form to achieve the desired look when submitting a COM order. Please be aware that additional costs and additional yardage may arise from applying the fabric other than the customary direction.

Listed yardage requirements are based on 54" wide fabric. For fabrics less than 54" wide, or those requiring matched upholstery such as large patterns, prints, stripes, etc., additional yardage will be required based on style and quantity ordered. The below chart is a general guide to estimating yardage:

Fabric Width	Plain	Under 7" Repeat	7" - 13" Repeat	14" - 21" Repeat	22" - 27" Repeat	Over 27" Repeat
54"	0	15%	20%	25%	30%	40%
51" - 53"	10%	25%	30%	35%	40%	50%
48" - 50"	15%	30%	35%	40%	45%	55%
45" - 47"	30%	45%	50%	55%	60%	70%
36" - 44"	50%	65%	70%	75%	80%	90%

# Wood Finishes & Laminates

## Standard Finish

Our standard wood finishes are represented on the following pages. These printed samples closely represent our standard colors. Please contact Customer Service for actual wood finish samples.

## Color Finishes

Our standard color finishes are represented on the following page. Add \$20 per chair.

## Custom Finishes

We will make every effort to accurately match your custom sample. Please contact Customer Service to determine if additional charges may apply. Due to limitations of some wood species, we reserve the right to decline requests.

Wood owes its inherent beauty to variations in color, graining, and texture in its natural state. In our finishing process, we attempt to accent this beauty rather than subdue it. Consequently, the chairs you receive may not be a perfect color match to a sample. Similarly, there may be minor variations in color from one chair to the next even though they are finished at the same time.

## Oak Finishes

**Natural Oak NOO-09**  
LAMINATE MATCH  
Formica 7152-58 Northern Oak

**Solar Oak SOO-09**  
LAMINATE MATCH  
Wilsonart 7816-60 Solar Oak

**Light Oak LOO-09**

# Customer's Own Material (COM)

Jasper Chair also accommodates Customer's Own Material (COM) requests. COM orders must meet quantity requirements for adequate yardage as well as performance requirements to avoid wear and defects and satisfy aesthetic expectations on Jasper Chair products. When selecting a fabric please be aware that some fabrics may not tailor well due to their characteristics. Jasper Chair cannot assume responsibility for the tailoring quality of some fabrics or for the receipt of defective materials.

COM pricing will be the same as Grade 100 Pricing.

All COM orders must be accompanied by Jasper Chair's COM form to expedite the order, indicating fabric details and application instruction. All COM orders should be shipped to:

Jasper Chair Company, Inc.  
 Receiving Department  
 534 East 8th Street  
 Jasper, Indiana 47547

Yardage published in this product guide is based on a solid 54" wide fabric. In some cases, the COM pattern or textile width will require additional yardage. Please contact our Customer Service to help estimate yardage requirements, toll free: **866-891-8289**.

Unless otherwise noted, all fabrics will be customarily applied in a railroad manner (or off the roll in a horizontal fashion) as shown. This is why it's very important for the customer to indicate upholstery preferences on the COM Information Form to achieve the desired look when submitting a COM order. Please be aware that additional costs and additional yardage may arise from applying the fabric other than the customary direction.

Listed yardage requirements are based on 54" wide fabric. For fabrics less than 54" wide, or those requiring matched upholstery such as large patterns, prints, stripes, etc., additional yardage will be required based on style and quantity ordered. The below chart is a general guide to estimating yardage:

Fabric Width	Plain	Under 7" Repeat	7" - 13" Repeat	14" - 21" Repeat	22" - 27" Repeat	Over 27" Repeat
54"	0	15%	20%	25%	30%	40%
51" - 53"	10%	25%	30%	35%	40%	50%
48" - 50"	15%	30%	35%	40%	45%	55%
45" - 47"	30%	45%	50%	55%	60%	70%
36" - 44"	50%	65%	70%	75%	80%	90%

# COM Information Form

All COM orders must be accompanied by Jasper Chair's COM form to expedite the order, indicating fabric details and application instruction. All COM orders should be shipped to:
